

... Now we are asking for feedback from you, before we develop a final version. We are also seeking commitment for the actions in the Plan - **ultimately we are asking for the involvement of our community in working together.**

It is proposed that several actions will be led by the Parish Council, but the involvement of many more residents is key in implementing our Plan.

A suggested action in the Draft Plan is film nights. Interested residents have already set up **Oliver's Battery Community Film Nights** and are working independently, bringing us regular showings at the school. Another example is Oliver's Battery Bar, our monthly social evenings at the South Winchester Golf Club.

At this stage of the abridged Draft Plan, you will see mentions of '**Champions**'. These are individuals who will take a lead in developing and implementing separate initiatives, supported by groups of interested people. We hope that many people will get involved in some way with the Plan; we like the idea that if most people just do a little, then a lot can get done.

The lifetime of this Plan is for up to 10 years but events such as new large housing developments locally and the ongoing changing demographics would have a significant impact on our community.

As with any significant community proposal, the Plan will only succeed with the active support and involvement of local residents. The support of the Parish Council is also critical.

Let us know what you think.

We are holding a **Drop-In Exhibition at Oliver's Battery Primary School on Saturday 1st April, from 11.30 am – 2.30 pm.**

If you can't be there on 1st April and you want to give us some feedback, you can either **email** constanceleach154@gmail.com, or **post a note** in the box in Barlows the butcher.

This is our community - let's plan the future together

Thanks for reading the Draft Oliver's Battery Plan.

The OB Plan team
