

## John Furlong

My wife Penny and I moved to Oliver's Battery in 1997 and our three children attended Kings and Peter Symonds. Our eldest now lives in Winchester with her family; the other 2 still have strong local ties and friendships and are frequent visitors. I am a construction project manager, a Fellow of the RICS and CIOB, and I became a civil servant in 2012. I work in Whitehall and most days I'm on an early train to London. No plans to retire just yet! We love living in Oliver's Battery and thoroughly enjoy its peace and tranquillity, the local amenities and the beautiful surrounding countryside. I'm therefore looking forward to contributing to the Parish Council in any way I can to support its activities and initiatives, working on behalf of the community. Little known fact: my middle name is O'Brien, so OB is very close to my heart!
