

Travel: Did you know that?

- Flying is the worst choice you can make in terms of climate change
- Train travel is generally the best choice you can make
- Using video conferencing, what's app calls, zoom etc can save you making journeys at all
- We could make the number 5 bus more energy efficient by filling it with people on each journey
- Charging with electricity from a genuinely renewable energy supplier makes electric vehicles even more sustainable
- Driving into central Winchester makes the air quality worse.

Active Travel: Did you know that....?

- You can sign a Winchester Cycling Charter - for healthier streets.
- Winchester Bike Hub mends bikes and helps everyone cycle more
- Escorted bike rides can help you ride a bike with confidence
- Ebike loans are available from HCC
- HCC has grants for bike parks - for businesses & organisations
- WCC has a Walking Strategy
