

Sustainability Report July 2023

There is nothing of note to report this month.

However, given that the next PC meeting is in September, for information expenses for the Sustainability group during the next two months will be:

1. £25 for laminating pouches from Rymans. (Already ordered and paid for)
2. Approx £28 printing to advertise two events.

The group asks that the PC authorises these expenses.

It has been noted that any expenses in the future should be put to the PC before expenditure is undertaken.

R Blundell
