

Recreation Ground Report For Council Meeting on 03 October 2023

Agenda Item 7.1

1. It appears some of the signage down at the recreation ground (see attached images) has been defaced. It is proposed that we paint the signage wherever it is possible to do so, although as is visible in one image, this may not be possible without the purchase of a new sign.

- Several of the plastic caps that offer protection for children using the play equipment from exposed bolt heads are missing. Councillor Leigh-Jones will replace these this week.

Agenda Item 7.2

I have received the checklists from Grass and Grounds for the month of September and can confirm the checklist (along with the status of the Defib) comes up with no issues to report (report attached, see above for Defib image).

Agenda Item 7.3

No report for September work by the Handypersons group has been received at the time of writing.

Report for PCC for September 2023.

Only activity this month has been regular battery changes on the speed monitor mounted in Old Kennels Lane adjacent to Number 55.

Planned activity for later in October is the painting of Recreation Ground play equipment with non-slip coating.
Please budget for and supply 2.5 litres of Ronseal Anti-Slip Decking Stain in Boston Teak in order for the Group to be able to complete this task.
