

## **Recreation Ground Report For Council Meeting on 07 November 2023**

### **Agenda Item 7.1**

1. The Boston Teak Stain (2.5l) has been purchased.
2. The caps on the recreational ground equipment bolts that were uncapped were replaced.

### **Agenda Item 7.2**

I have received the checklists from Grass and Grounds for the month of October and can confirm the checklist (along with the status of the Defib) comes up with no issues to report..

### **Agenda Item 7.3**

Very wet weather and personal issues have meant that there has been no activity during October other than regular servicing of the speed device in Old Kennels Lane.

Contact has been made with Cllr Leach regarding setting up of arrangements for the tree planting and watering rosters.

The forecast for November promises drier, colder weather suitable for the Autumn non-slip treatment of the recreation ground play equipment. The provision of 2.5 litres of Stain is now required as soon as practical please.

It is requested that the plea for volunteers for leaf clearing is included in the next issue of the Parish Newsletter.
