

Recreation Ground Report For Council Meeting on 06 February 2024

Agenda Item 7.1

The mains water supply tap at the recreational ground continues to leak. It is not a large leak but it is a consistent drip. It is proposed by Cllr Leigh-Jones that we seek alternative plumber options to tackle this issue (note this has been proposed via communication to councillors by the clerk).

Agenda Item 7.2

I have received the checklists from Grass and Grounds for the month of January and can confirm the checklist (along with the status of the Defib) comes up with no issues to report.

Agenda Item 7.3

No report has been received from the Handyperson group in January. Location (of bolts with missing caps) and replacement of plastic bolt caps is ongoing.
