

## **Recreation Ground Report For Council Meeting on 02 April 2024**

### **Agenda Item 7.1**

Plastic caps were replaced and nails hammered into various sections of the wooden playground equipment.

The new tap for tree watering is in place, there is also a plastic lock cap and padlock restricting use to those with code.

### **Agenda Item 7.2**

I have received the checklists from Grass and Grounds for the month of March and can confirm the checklist (along with the status of the Defib) comes up with no issues to report.

### **Agenda Item 7.3**

No report has been received from the Handyperson group for works completed in March.
