

Olivers Battery PC Sustainability Report September 2024.

Sustainable OB, with Jim Lesop a local Climate Fresk Facilitator held a 'Climate Fresk' Workshop on 11th July, whilst turnout was smaller than hoped the feedback has been positive and motivating. OB Sustainability, alongside members of the OB community are holding another meeting / follow up discussion this Thursday 5th September to plan our next steps. Stuart Mills from We CAN will also be attending this meeting.

Feedback to come...

We have started advertising for the next Big Outdoor Swap (Saturday 21st September). Eve to continue advertising- in Badgers Farm and with University of Winchester.

Sustainability OB are liaising with Anne Forder to arrange a feeder ride from OB to attend Winchesters Mass Bike Ride on 28th September. The aim of the event is to highlight the many benefits of cycling in Winchester.

The Film Club, OBCG and Sustainable OB have collaborated and are promoting September's film "Wilding"- being shown on Wednesday 18th September.

Eve has begun planning a 'Swish' a reduce waste event- likely to be held at Badger Farm Community Centre in Nov- to attract residents from OB and BF. Eve to apply for grants.

Eve, with the support from OBCG is in the process of applying for the hedgerow grant from CPRE. We hope to plant hedge whips in the countryside area and a small area in the REC next to the tennis court.

In Autumn we will begin promoting the thermal imagery surveys.
