

Recreation Ground Report For Council Meeting on 4th February 2025

Agenda Item 7.1

- I hope to have carabiners purchased by the time of OBPC meeting.

- Having received feedback from a member of the handypersons group who maintains the current Speed Device, it is advised that we do not purchase this battery. The device itself is increasingly defunct and David Warren believes it would be a waste of funds to purchase a battery for it.

Agenda Item 7.2

I have received the checklists from Grass and Grounds for the month of January and can confirm the checklist (along with the status of the Defib) comes up with no issues to report.

Agenda Item 7.3

There has been no report received for the month of January from Handypersons group.
