We help maintain the Parish's conservation area. Over the last year we have continued with thinning and coppicing of bushes and trees this has enabled more sunlight into the area for wildflowers to grow. The main meadow areas have been scythed again, and we thank the Parish Council for providing support from the contactors to cover the areas we did not have the manpower to undertake. The group fund the Olivers Battery Countryside Group website, which showcases the conservation area, and is currently, and in the future, will be used to promote nature-based activities in the parish and immediate vicinity. It also provides a historical record of events in the wildlife and conservation area.
